VINTAGE DESIGN MEETS 21ST CENTURY STYLE

In collaboration with Hemingway Design we've created G Plan Vintage, a stunning range of furniture inspired by classic G Plan sofas and chairs from the 50s and 60s.

Named after the year of the original model that influenced the current designs, they blend timeless details with a contemporary approach. It's a collection that embraces the quality and craftsmanship of G Plan, as well as Hemingway's fresh and vibrant approach to vintage projects.

With an outstanding design pedigree and as experts in all things vintage, Hemingway's unique take on our stylish designs has created a range of furniture that draws admiring glances.

G Plan and Hemingway – turning yesterday's classics into the icons of tomorrow.

GREAT & BRITISH

At G Plan we're extremely proud of what we do. Tracing our history all the way back to 1898, we create stunning handcrafted furniture, with every piece made to order at our Wiltshire base. Over the years G Plan has created some of the most enduring and iconic furniture of the 20th century – something that we still aim for with every piece we create today.

Our highly skilled craftsmen follow a 21-stage design and development process. And combined with using the finest materials for both durability and comfort, we ensure every piece of G Plan furniture stands the test of time.

The
**SIXTY
TWO**

The
**SIXTY
TWO**

In 1962 we created an iconic swivel chair. It was aptly known as 'The World's Most Comfortable Chair'. And now, renamed as The Sixty Two, its distinctive winged design, soft foam cushioning and deeply buttoned back, provide the ultimate in comfort. For added luxury it rocks and swivels too. It's a chair that merits its original title.

Armchair

H104cm W94cm D97cm

Footstool

H48cm W65cm D48cm

Cover picture shown in: Capri Black Leather.

Star design wooden base: Polished Beech hardwood in an American Walnut finish.

Orbital design castors: High quality metal in a Chrome finish.

Footstool shell: Beech laminate in an American Walnut finish.

Other fabric/leather colours and wood finishes are available.

Contrast buttons are available as an option in selected fabrics/leathers only. See website for further details.
